Q9 Do you think your neighbors are taking the coronavirus crisis very seriously, somewhat seriously, not very seriously, or not seriously at all?

- Very seriously ........................................ 61%
- Somewhat seriously ................................ 30%
- Not very seriously ..................................... 7%
- Not seriously at all ................................. 2%

Q10 Since the coronavirus emergency, do you strongly trust, somewhat trust, somewhat distrust, or strongly distrust the state of California’s government during times of disaster?

- Strongly trust ........................................ 46%
- Somewhat trust ..................................... 31%
- Somewhat distrust .................................. 10%
- Strongly distrust .................................... 8%
- Not sure .............................................. 4%

Q11 Since the coronavirus emergency, do you strongly trust, somewhat trust, somewhat distrust, or strongly distrust the federal government during times of disaster?

- Strongly trust ....................................... 15%
- Somewhat trust ................................... 29%
- Somewhat distrust ................................ 24%
- Strongly distrust .................................... 27%
- Not sure .............................................. 4%

Q12 In thinking about tax policy in California, do you support or oppose higher property taxes on business property, including businesses in malls, retail stores, and other companies impacted by closures due to the coronavirus, to generate $6 billion to $11 billion in new revenue for public schools, community college, and local government?

- Support ............................................. 25%
- Oppose ................................................ 54%
- Not sure .............................................. 21%

Q13 Some say California needs to raise taxes to fund services and relief efforts around coronavirus, and to shore up the state’s finances hurt by the economic crisis. Others say California doesn’t need to raise taxes right now, because it would hurt consumers, taxpayers, and the economy as we try to recover. Which comes closer to your point of view?

- Think California needs to raise taxes to fund services and relief efforts around coronavirus, and to shore up the state’s finances hurt by the economic crisis ................. 11%
- Think California doesn’t need to raise taxes right now, because it would hurt consumers, taxpayers, and the economy as we try to recover ........................................... 80%
- Not sure .............................................. 8%

Q14 How do you think we should best address the housing shortage in California: Keep the affordable housing we have and incentivize builders for more affordable housing, or ease restrictions on market rate housing to increase the overall supply of homes?

- Think we should keep the affordable housing we have and incentivize builders for more affordable housing ................................. 43%
- Think we should ease restrictions on market rate housing to increase the overall supply of homes ........................................... 26%
- Not sure .............................................. 31%
Q15  Would you strongly support, somewhat support, somewhat oppose, or strongly oppose a statewide measure that would place a new tax on plastics? This measure would ban polystyrene container use by any food vendor, require all single-use plastic containers be reusable or compostable, and would institute a new tax on single-use plastic packaging that would raise several billion dollars a year.
